EDUCATION

Arizona State University, Tempe — B.S Computer Science

AUG 2020 - PRESENT

- Expected Completion in 2026

EXPERIENCE

Web Developer, Remote

May 2025 - PRESENT

Portfolio: erikiverson.net

- Collaborated with designers and content teams to implement UI/UX across pages and product features.
- Built and updated responsive website pages using HTML, CSS, JavaScript, WordPress, and other CMS-based page builders.
- Improved site performance by compressing assets, reducing image file sizes, troubleshooting layout issues, and refining front-end code.
- Debugged responsive design problems, styling conflicts, hover states, spacing issues, and mobile layout bugs.
- Monitored and improved overall website health, including performance, layout stability, CMS functionality, and security concerns.

Freelance Artist, Remote

DEC 2020 - PRESENT

- Created custom digital artwork, branding assets, and promotional graphics for clients across digital platforms.
- Managed client communication, timelines, revisions, and final file delivery.
- Applied illustration, animation, composition, and visual design principles to client projects.
- Used creative tools including Adobe Photoshop, Illustrator, Premiere Pro, After Effects, and related media applications.
